GET OUT
GET
CONNECTED

See who’s in the same place as you, and meet for real.

THE BEST CONVERSATIONS ARE ALREADY IN THE ROOM ✦

Every day people run, train, work and eat alone, a metre away from someone they'd happily talk to. There's no easy, safe way to say hi.

1 IN 6

people worldwide feel lonely.

The WHO links loneliness to about 871,000 deaths a year (WHO Commission on Social Connection, 2025).

REAL PEOPLE, REAL CONNECTIONS. SOMETHING AI CAN'T DO.

ONLY IN PERSON

It works only when you are at the place. No swiping at home, no feed, no AI in between.

A WEEKLY MOMENT

We start where people already gather each week: the club run, the class, the event. There's always someone to meet.

IT CONTINUES

After the visit, Crossed shows who you met, so a good conversation can go on.
